*Where healing meets the
power of cinematic suspense.*

Join us for an inspiring evening with Judy Go Wong
— award-winning filmmaker, survivor, and our
featured headliner.

This unforgettable event will highlight Judy's
remarkable journey and reveal how powerful
storytelling can transform pain into purpose—
blending the edge of suspense with the heart of
healing.

You'll discover how film can:

- Spark social change
- Empower survivors & advocates
- Shine a light on justice & redemption

Whether you're a survivor, advocate, or creative, this is a space to connect,
be inspired, and walk away ready to tell stories that truly matter.
